As a skilled front-end developer, I specialize in crafting visually stunning and interactive web applications. With a strong foundation in HTML, CSS, and JavaScript, I excel in transforming designs into responsive, user-friendly interfaces.

Key Strengths:
• Proficient in front-end frameworks like React & vue
• Strong understanding of web performance optimization and accessibility
• Collaborative team player with excellent communication skills

• Passion Projects:*
• Building responsive web applications with modern front-end technologies
• Contributing to open-source projects and community-driven
